The Director  
Bureau of Plant Industry  
Sir:  

We –  

hereby request for issuance of Biosafety Permit for Direct Use for the genetically modified (GM) plant/plant product described below.

promoter, NOS terminator

MIR604:
active ingredient
cassette
\textit{cry}3A, MTL promoter, NOS terminator, intervening sequences

selectable marker
cassette
\textit{pmi}, ZmUbiInt promoter, NOS terminator, intervening sequences

TC1507:
active ingredient
cassette
\textit{cry}1F, Ubi1ZM promoter, ORF25PolyA terminator

selectable marker
cassette
\textit{pat}, CaMV 35S promoter, CaMV 35S terminator

plasmid backbones of the transformation plasmids

5307:
active ingredient
cassette
\textit{ecry3.1Ab}, CMP promoter, intervening sequences, NOS terminator

selectable marker
cassette
\textit{pmi}, ZmUbiInt promoter, NOS terminator, intervening sequences

GA21:
active ingredient
cassette
\textit{mepsps}, Actin promoter complex, NOS terminator, OTP, intervening sequences

The following supporting documents are attached

1. In the case of imported regulated article, notification from the exporter or country of origin in accordance with existing international agreements on the transboundary movement of genetically modified organisms;
2. Information on socio-economic, cultural and ethical considerations;
3. Copy of the proposed PIS for Direct Use, (Annex “F”) including information required for evaluation of environmental and health impacts;
4. In cases of renewal, certified true copy of expired Biosafety Permit for Direct Use issued by BPI; and
5. Proof of payment of fees
6. To facilitate review of the application, the applicant may submit documents to show that the regulated article is allowed for commercial distribution as food and feed by the regulatory authorities in the country of origin; and poses no greater risks to biodiversity, and human and animal health than its conventional counterpart. If the regulated article is intended for use as feed or for processing into feeds, the applicant may submit documents to show that the regulatory authorities in the country of origin have likewise determined that the regulated article poses no greater risks to biodiversity, and human and animal health than its conventional counterpart.

The undersigned certifies that based on his/her personal knowledge and/or authentic documents: (i) all the information in this application are true and correct; and (ii) this application contains all information and views on which to base a decision and includes relevant data and information known to the applicant which are unfavorable to the application. The undersigned likewise warrants that the Regulated Article is to be imported solely and exclusively for direct use as food and feed or for processing.
