

Republic of the Philippines
Department of Agriculture
BUREAU OF PLANT INDUSTRY
692 San Andres St., Malate, Manila

**Biosafety Permit for Direct Use as Food and Feed,
or for Processing
Number 19-056FFP**

Oilseed rape MS11 owned and licensed by BASF Philippines Inc., with office address at 11F HHIC Building, 1128 University Parkway, Bonifacio Global City, Taguig, has undergone satisfactory biosafety assessment pursuant to the DOST-DA-DENR-DOH-DILG Joint Department Circular No. 1, Series of 2016 and found to be as safe as conventional oilseed rape. Further, the permittee has satisfactorily complied with all requirements for the issuance of biosafety permit for direct use as food and feed, or for processing.

The regulated article shall be imported solely for direct use as food and feed, or for processing and not for field trial or commercial propagation. The permittee shall take appropriate measures to prevent accidental and unintentional release/reproduction and its recurrence and thereby protect human and animal health, and the environment. A Plant Quarantine Officer and his/her duly authorized representatives shall be allowed access during regular business hours to the facility where the regulated article is located and to any records relating to the importation of the regulated article.

Issued on **October 29, 2019** at the Bureau of Plant Industry, San Andres St., Malate, Manila subject to conditions stated at the back of this permit, and shall expire on **October 28, 2024**.

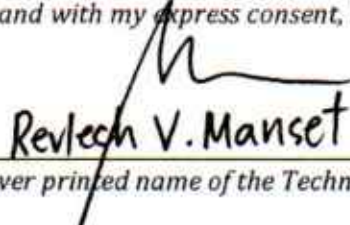

GEORGE Y. CULASTE
Director
Bureau of Plant Industry

Biosafety Permit Conditions

1. The permittee shall duly inform the public of this approval by way of publishing in any one of the top three leading newspapers in the country. A copy of such publication shall be submitted to the Bureau of Plant Industry within ten days after publication;
2. The regulated article is approved for direct use as food and feed, or for processing for the purpose of stacking with a fertility restorer (i.e. RF3) and for future applications of a permit for stack product containing MS11.
3. Notwithstanding condition number 2 above, in the event that this regulated article is imported for direct use as food and feed, or for processing, the following conditions apply:
 - a. There shall be strict monitoring of the regulated article from port of entry to the traders/importers storage/warehouse as stated in Section 32 of JDC 1 s2016;
 - b. The importer shall ensure the proper and secure packaging of the regulated article for transport and the safety and durability of the transport vehicle, for prevention of any possible spillage or unintended release during transport/import. The Bureau of Plant Industry (BPI) shall conduct inspection of the shipment at the port of entry;
 - c. Control and mitigating measures as identified in the Environmental Management Plan (EMP) must be complied to prevent unwanted release of GM seeds into the environment;
 - d. In case of accidental release of oilseed rape MS11, such as road spill during transport, it is the responsibility of the importers to inform the Bureau of Plant Industry (BPI) immediately. The BPI shall impose this condition on the Sanitary and Phytosanitary Import Clearance (SPSIC). BASF Philippines Inc., will assist the BPI to prevent unwanted germination of the GM seeds.
4. If new information on the regulated article and its effects on human health and the environment becomes available, and such information is relevant and significant, the risk assessment shall be readdressed to determine whether the risk has changed or whether there is a need to amend the risk management strategies accordingly; and
5. The permit holder shall comply with the conditions set by the BPI as stated in the Biosafety Permit for Direct Use (Article 7, Section 21.H of the JDC 1, s.2016).

Violation of any condition shall lead to revocation of this permit as provided in the DOST-DA-DENR-DOH-DILG Joint Department Circular No.1, Series of 2016 Article VII, Section 21, J. In the event new information becomes available indicating that the regulated article could pose greater risks to biodiversity, human and animal health than its conventional counterpart, the applicant shall, on its own, immediately take measures necessary to protect human and animal health, and the environment.

I have read and understood the Terms and Conditions herein set forth and I enter in this agreement voluntarily and with my express consent, I here unto affix my signature with full knowledge of its legal effect.
